John Reinfuss and Robert Vincent, Auditors

This has been the busiest year in the history of the Town of Kingston, as far as the Town Clerk's office is concerned. I again attended schools regarding the new Staggered Registration System. Due to the re-registration of all vehicles for August, September, October, November and December, I wish to point out that the Town received \$24,604.49 additional money for Motor Vehicle fees. Also, I turned in \$146.00 more money for dog licenses in 1976. (My appreciation to Richard A. Samoisette, Dog Officer, for his fine cooperation.) All this represents many, many more hours that I put in to accomplish all these things for you, the residents in Kingston. I want to thank Mrs. Susan M. Evans for being my Deputy, and also my sincere thanks to Mrs. Irene M. White for all her volunteer hours in behalf of the Town. Many thanks to my entire family for all their help.

In this District the following uses will be permitted in a manner not inconsistent with the character of the District:

- a. Residences
- b. Retail stores principally designed to serve shoppers from the Community. The HDC may approve retail stores of 1500 feet or less. Public hearings must be advertised and held for requests, for retail areas greater than 1500 sq. feet.
- c. Animal clinics
- d. Restaurants
- e. Apothecarys
- f. Service offices such as real estate brokers, doctors, lawyers, or dentists.
- g. Churches and church related accessory buildings.
- h. Civic buildings and lyceums.

Necessary forms and procedure guideline may be obtained from the clerk at the Town Hall. Nothing in this ordinance shall be construed to prevent ordinary maintenance and repair of structures in the Historic District.

G. Procedure: Upon obtaining an application, the applicant should supply the information relative to such application as may be required by the Historic District proposed to be done in the Historic District Commission from time to time. No building permit shall be issued for any work proposed to be

done in the Historic District until the commission has approved the application. The commission shall make a decision within 45 days of receipt of application and failure to do so will be deemed to constitute an approval by the commission. Within said period, the commission shall:

1. Determine that the application is of no interest to the purpose of the Historic Districts or that the proposal is harmonious with the purpose of the Districts and so notify the applicant or,

2. Determine that the application represents a proposal that is in conflict with the purposes of the Historic Districts and schedule a meeting with the applicant.

The Commission shall promptly notify the applicant and the Selectmen of its decision.

H. Public Hearings: Both the commission and the applicant or each of them shall have the right to call for a public hearing on the proposal. Notice of said hearings shall be posted at least ten (10) days in advance in a newspaper of general circulation and in at least three (3) public places. Notice to abutting and adjacent property owners shall be sent by registered mail. Testimony shall be received from any party desiring to participate.

- I. Guidelines: In considering appropriateness of an application, the commission shall consider, among other things:

1. The effect that the exterior facade of the building will have when viewed in relation to the surrounding buildings in the district.

2. The change, if any, in the amount of noise, congestion and traffic that the proposed building or use will create in the district.

3. Whether the proposal is of a design, or of materials, or for a purpose or use inconsistent with and detrimental or injurious to buildings and purposes or uses upon adjoining lands and whether such proposal is such that it will detract from the character and quiet dignity of the Kingston Historic District.

J. Denial and Appeal: In such cases as the commission may deny an application, it shall supply the applicant and the Board of Adjustment with a letter citing the reasons for such denial.

Any person aggrieved by a decision of the commission may appeal to the Board of Adjustment.

K. Violations: Upon information that the provisions of this ordinance are being violated, the commission must notify the Board of Selectmen who may seek appropriate relief in a court of competent jurisdiction.

Said article to be voted by ballot.

REPORT OF THE TRUSTEES OF TRUST FUNDS — 1976

During 1976 the following plots were sold and perpetual care funds established for each:

Greenwood Cemetery - 3 lots 10' x 20' and 3 lots 10' x 10'

Pine Grove Cemetery - 3 lots 10' x 20' and 3 lots 10' x 10'

The larger lots cost \$200 of which \$150 is a perpetual care trust fund. The smaller lots cost \$125 of which \$90 is a perpetual care trust fund. Therefore in 1976 the trust funds were increased by \$1950 and \$510 was realized for general upkeep purposes.

Unusual maintenance work included removal of trees blown down or damaged in Greenwood Cemetery and removal of a large dead tree in Pine Grove Cemetery which threatened damage to nearby tombstones.

From long experience with laying out and selling lots, Mr. Wilson observes that the best time to buy lots is while families are all together and can plan lot sizes and markers as desired. Too many times when this has not been done he has had to make decisions which should have been made by others. Persons wishing to obtain lots may consult any of the Trustees but Mr. Wilson has all detailed information on locations readily available. Full reports are on file and available to the public.

The income from special trust funds was disbursed as usual as listed in the accompanying account.

Again in 1976, the maintenance in all cemeteries was performed under the direction of Wilbert Swett until he discontinued because of illness.

Respectfully submitted,

Rodney M. Wilson

NICHOLS MEMORIAL LIBRARY — 1976

National Library Week was observed during the week of April 4th. Local artists displayed their work. Mr. and Mrs. James Martin presented an illustrated talk on Thailand and exhibited their Sukhothai pottery and craft items which were made by the hill tribes in Thailand.

Mrs. Stratton and I attended a ten-week pilot course pertaining to the use of audio/visual materials in the library. Mrs. Rich has completed a course in Programs and Services of Children.

The Historical Society, Bicentennial Committee and Project Learn have held their meetings in the library.

The movies which have been shown twice a month for the pre-school children have been well attended.

The urns at the front door were filled with plants for Memorial Day by the Garden Club. They also gave the library a Christmas wreath.

Mr. George Harmon has given the library a microfilm reader and microfilm of the Portsmouth Herald. We appreciate the books which have been donated, the money gift from the Retired Teachers Association and the help of our library aides.

The Friends of the Library purchased film strips for the Junior Library, sponsored a summer reading program, a Book and Bake Sale and a Christmas party for the children of the community. The Friends of the Library also organized a Christmas Open House with a display of nativity figurines painted and stained by Kingston residents.

We are sorry to report that we have had to spend more than \$500.00 for repairs which were made necessary because of vandalism to the library.

KINGSTON RECREATION COMMISSION

Since its establishment in 1971, the Recreation Commission has undergone many changes, both in membership and in its duties. Membership changes have occurred because of members moving from the area, conflicts with other obligations, and other personal reasons. We feel the present board is in accord with both the feelings of the townspeople and the selectmen, and work well with both the board and other organizations in the town. The primary purpose of the Commission is to provide recreation for Kingston residents; children, adults and seniors.

Lynne Merrill is the present chairman, replacing David Grenon who resigned in November due to a conflict with his occupation. Mrs. Merrill has worked diligently, building a membership of members that share her interest in recreation. Harry Carr, a member on the board for over one year, is the coordinator for our Commission, working with other organizations in the town, and is our "jack of all trades." Gertrude Semple was appointed in March as treasurer, bringing to the group many years of bookkeeping experience. Natalie Keeley was also appointed in March, filling the vacancy left by Don White who moved from town. Mrs. Keeley is the secretary of the Commission. Ellie Becotte is the most recent member, joining us in October and bringing the Commission to its full 5-man board. Two associate members were recently added to our group, Mrs. Catherine Clements, representing the seniors, and Terry Patterson, representing the young adults.

What have we done in 1976?

We are quite proud to report that our Easter Egg Hunt was well attended, although Mother Nature played a cruel trick and produced temperatures in the nineties. Our chocolate covered eggs gave the plains an aroma of a chocolate factory. For 1977 we plan to have a scavenger hunt on the plains for Easter baskets.

We again held physical fitness classes for women and it was its usual success. The Commission is, at this time, investigating various ways to providing adult physical fitness classes at lower prices for residents this year.

The swimming program became the responsibility of the Commission in 1976. The American Red Cross withdrew its

sponsorship of the program and if it were to continue, we had to conduct the Red Cross certified classes. We hired all Red Cross certified instructors and aides, and for the first time, the program produced a profit of \$238.00 which went into the town general fund. We found the classes well structured, less chaotic, and we suffered no personnel problems.

The Commission again held summer recreation at the Bakie School playground which drew a good attendance. Hiring of instructors was done by the full membership of the Commission. We reviewed all resumes we received, held personal interviews with all qualified applicants, and made final decisions which were approved by the selectmen.

Although adequate in the past, we felt this year's summer playground offered a wider range of activities to a wide age area of Kingston youth. We attempted to provide more activities for younger children than had been offered in the past. We feel the director, two assistants and two aides did a fine job. The arts and crafts director was outstanding and well liked by all who took advantage of her talents.

The Commission intends to continue the practice of advertising for both swim and playground positions, and interview all who submit qualifying resumes. It is our hope that the young adults in town will get involved with these programs, gain the necessary experience and training, so that some time in the near future, all instructors will be Kingston residents.

Sports and Family Day was a wide success despite the postponement due to rain. The New Anything Goes program was so successful we plan to continue it next year.

The Halloween parties for 1976 included one at the town hall in the afternoon for the preschoolers with a clown-magician and refreshments. The clown act was also given at the Bakie School and we also donated refreshments to that affair. In the early evening we held a party at the town hall for students in the middle school, followed by a dance with a local disc jockey for the high school students. Plans for Halloween 1977 include a dance at the town hall for Middle School students; a dance at the high school cafeteria for high schoolers; a party in the town hall for the elementary school students in the early evening, and the preschool party.

The Recreation Commission has been allocated a room in the Grace Daley House for our monthly meetings. The room,

however, is bare and we utilize whatever room is available on our meeting night. Harry Carr has recently donated a table and chairs for our room, and we are asking the voters for a set of files for a record-keeping room as there are many personnel records, brochures, letters, etc. that need a permanent location.

We have acquired a few more pieces of inexpensive sports equipment to be added to our inventory during 1976. Much of this equipment can be used for Sportsman's Day and Halloween parties as well as the playground and swim programs. Harry Carr built a few picnic tables that were used at the Bakie School last summer. The wood used was from the ill-fated ice skating rink.

One of the final acts of the Commission for 1976 was the establishment of the Children's Memorial Fund. The account is with the Kingston branch of the Plaistow Bank & Trust Co., in the name of the Kingston Recreation Commission.

We admit to having a few problems during 1976, but we ask residents to consider that this Commission consisted of nearly all new members. We feel we now have consistency, have learned from our errors, and will continue to work diligently for recreational activities for the town. We would also appreciate hearing suggestions from residents as to what they would like to see the Commission include in future planning of activities.

REPORT OF KINGSTON POLICE DEPARTMENT

The Kingston Police Department is comprised of the following eleven men ready to serve their community: full time elected chief, Neil R. Parker, Sr., full time appointed officer, Norman M. Bower (Crime Commission funding) two elected officers, Harry E. Clarke, Jr., Wayne E. Martin, and seven specials, Harold H. Jillson, David G. Conant, George A. Korn, Glenn P. Miller, Charles E. Larrabee, Richard A. Samoisette, Dog Officer and Frank I. Kervin, Constable.

During 1976 the police department responded to 13, 434 police related calls, 136 auto accidents and patrolled over 90,000 miles of highways in the community.

Because of the increase in dog complaints we were able to incorporate a dog officer, Richard A. Samoisette, who has worked effectively by keeping a large majority of the dogs restrained and licensed.

Officer Bower completed a forty hour course (funded by the state) certifying him as a full time breathalyzer operator for the department, and will attend the required six weeks training for full time officers at the New Hampshire State Police Academy at no cost to the town.

To continually upgrade the caliber of the police officer, ten officers attended a refresher training course this summer sponsored by the Rockingham County Sheriff's Department.

Through the joint efforts of the Highway Safety Agency and the police department, additional funding in the amount of \$1,681.25 was received to enable additional highway patrols to curb speeders, drunk drivers and highway fatalities. To effect this patrol the new radar unit was pressed into service. Because of this additional patrol, the capacity and capabilities of the police department were increased to allow us to check more homes and businesses in the community.

I want to thank the Town of Kingston for its co-operation and will continue to serve the community.

The police department numbers are as follows:

Emergencies	772-4716
Routine business	642-5742

KINGSTON HISTORICAL MUSEUM ANNUAL REPORT 1976

During the Bicentennial year 1976 we had approximately 200 visitors, many from out of state. Four kindergarten classes along with their teachers, visited the museum and found a number of items of particular interest to them.

On August 14th we held our annual Flea Market on The Plains, arranged for by Arthur Reynolds. This affair is our only means of support along with small donations at the museum.

On August 15th, along with other special events arranged for by the Kingston American Revolution Bicentennial Committee, we held Open House. Mrs. Robert Merrick demonstrated weaving on the loom, Mrs. Wilbert Swett showed many patchwork quilts of her design and Janice Wheeler demonstrated the art of macrame with several completed designs. Punch and cookies were served throughout the afternoon by the Museum Committee.

We would welcome new exhibits, however our space is limited, in fact it is almost at a standstill and for this reason we hope the Townspeople will join with us in seeing that the Daley Barn is repaired. All we ask is to have the roof made tight, the necessary floor beams replaced, and the floor and back wall repaired and we will do the rest. Heat and lights are not needed. This will be a perfect setting for our wagons and farm implements.

The barn is one of very few of its age still standing in Kingston with its hand hewn beams held together with wooden pegs. Everyone who has studied it from the inside agrees that it would be a shame not to save it. The Daley House with attached barn was the first church built parsonage in Town and was built in 1834.

The museum will open again in the spring as early as weather permits. Watch for the opening date and visit with us.

REPORT OF HISTORIC DISTRICT COMMISSION

The Historic District Commission (HDC) has held regular monthly meetings this past year on the first Monday of each month at the Grace Daley House at 7:30 p.m.

The Committee received and acted on seventeen requests for certificates of approval for projects in the Historic Districts.

The HDC has presented an article to the voters of Kingston for inclusion in the annual warrant. Passage of this article should insure that the residents of Kingston will have guidelines published in the town ordinances for reference rather than the inference to state statutes which is the only information available to Kingstonians.

KINGSTON BICENTENNIAL COMMITTEE

1976 Report

On July 4, 1976 we began the third century of our democratic form of government.

This year we have heard much about "Horizon '76" - community development, worthy use of leisure time, our environment and other pointers pertaining to human values and understanding to assure a better future for all mankind. In keeping with the Horizon theme, our committee named the Restoration of the Church on the Plains as its bicentennial project. In conjunction with the acceptance of this project, Kingston was named an official Bicentennial Community. In an April ceremony in the Church of the Plains our town received the Bicentennial Flag, along with an American Flag presented to the town by U.S. Congressman Norman D'Amours.

In May, our committee sponsored the signing of our Nation's Re-dedication Scrolls. Hundreds of town residents signed the Scrolls that accompanied the N.H. Wagon Train on its pilgrimage to Valley Forge.

We have also been made very much aware of our heritage - someone has said "Heritage '76" means to recall our heritage and place it in its proper historical perspective so that all groups within our society can reexamine our origins and values and the real meaning of America, to take pride in our development. The Kingston Bicentennial Committee has stressed the Heritage theme throughout the year - in the support of the Eastman's Bartlett booklets and the July 4th Nation Wide Bell Ringing for Freedom. We are sponsoring the Town of Kingston Quilt, under the leadership of Ms. Lisa Kraus and have offered to the public a Map of Historical Sites of Kingston, with the assistance of Richard Kerry. The committee will soon present to the town an Honor Roll of Kingston Revolutionary Soldiers and a series of color slides depicting "Kingston 1976". To update the Town History, we will record more memories of our town's older citizens.

The third point stressed in the celebration of our Bicentennial has been "Festival - to expand the communities part in arts and creative programs, travel, etc. In July we sponsored a Prize-Winning Float entry, "The Church on the Plains"

(Creator R. Kerry), in the Town's Bicentennial Parade. Finally, at Christmas we decorated the Bandstand and invited the community to join in our caroling ceremony.

Much has been done this birthday year everywhere stressing the need to keep our country strong and great. We of the local committee have tried to accomplish a few activities to help preserve our heritage here in Kingston as we are fortunate to have a very special heritage. We should like to extend our deep appreciation to the Friends of the Bicentennial Committee and its three leaders, Irene Burt, Sue Sloan and Judith Campbell for continued financial support. We give special thanks to the Library staff, trustees and Friends, Sanborn Regional Teaching Staff and students, Mrs. Bettie Ouellette, the Kingston Extension group, Mrs. Eunice Clark and to all residents who, through cooperation, support and enthusiasm have helped our town to be a part of the 200th Birthday celebration for the U.S.A.

"Our Bicentennial is more than just a birthday party. It's a good time to remember that there is no force stronger than freedom. As long as liberty's light shines within America's borders, our nation will be great." (*Ideals*)

KINGSTON PLANNING BOARD

Annual Report — 1976

This report covers the work of the Planning Board as it was constituted prior to Town Meeting and the Board as it reorganized after Town Meeting.

The Board met regularly on the first Thursday of each month until a change was made to the first Tuesday during summer months. 23 meetings were held in 1976.

In January and February the Board held hearings on extension of the Historic District, improvement of septic system installation, and prohibition of joining two mobile homes to be considered a duplex. All the amendments were passed on the March ballot.

Elections were held in March as required by law. The Board membership was reorganized as follows:

James Jackson	1979, Chairman
Eileen Nash	1977, Secretary
Daniel Burbank	1978
William Rent	1980
Jean DuBois	1981
David Hemeon	1981
Michael Priore	1977, Selectman ex-officio

The terms of J. Kenneth Fowler and James Richard expired in March. Jean DuBois and David Hemeon were elected to new terms to replace them.

During the summer months the Board worked closely with the Conservation Commission and Regional Planning Commission to study problems of water quality in our lakes and ponds, septic system failure, and seasonal conversion of residences. A public meeting was held in August to discuss these problems with Kingston residents.

Jean DuBois resigned as a member in September and was replaced by John Impey.

In November, a joint meeting with the Conservation Commission resulted in the development of new procedures for on-site surveys concerning subdivisions under consideration. The Boards will continue to meet jointly several times each year.

A growing concern over the matter of whether our town or a subdivider would have to incur the cost of bringing sub-standard roads (Class VI) leading to his subdivision up to town standards prompted the Board to propose an amendment to our existing regulations on building lots in the Land Use Ordinance. This amendment will be considered by the voters in March. A study of the classification of every road in town and subsequent revision of our Town Road Conditions Map has been undertaken by a committee comprised of one Planning Board member, one Selectman, and one private citizen.

During the year 11 subdivisions were approved and 1 denied.

Eileen M. Nash, Secretary

ANNUAL REPORT OF THE KINGSTON FIRE DEPARTMENT

During 1976 your Fire Department has responded to 77 calls.

6 chimney	1 drowning
6 car	1 oil tank
3 false alarms	4 wash down
14 grass	8 mutual aid
13 structural	1 stove
12 forest	1 oil burner
2 garage	1 County Home
2 dump	1 cave-in
1 tractor	

Mutual Aid assistance has been called to Kingston 8 times this year. Several of these fires were the result of wood stoves being used improperly. In an effort to avert this type of call, Chief Fellows has offered to inspect wood stove installations and chimneys. Residents should contact him at 382-5223 if they wish to avail themselves of this service.

During the summer the '68 Chev was tested and passed the requirements for Underwriters Certification. A new pump will be installed on the tank truck shortly. The remainder of the equipment is in good shape.

Members of the Fire Department participated in a simulated fire at Sanborn Regional Sr. High School and a water drill at Bakie School. Chief Fellows has called fire drills at both Bakie and the High Schools and has worked with all principals to make the drills as expedient as possible.

Members of the Fire Department have taken part in 2 training drills each month. Some of these drills have been held at the newly developed Training Grounds at the Brentwood County Home. Chief Fellows is a member of the committee of the Mutual Aid Agency which has been responsible for making this site functional. Facilities available include area for oil pit fires, smoke house for Scott Air Pack use, ladder and pump practice. The availability of these facilities will be a great savings in time and transportation. More extensive drills are planned for this summer including propane gas.

The Fire Department has provided fire coverage during the yearly carnival and has manned both stations during the power failures. The firemen take turns on Sundays and holidays covering the stations. The 7 red phones are located in strategic areas to cover the town. Through co-operative effort, the 3 radio remote bases are covered to give the town protection for fires and ambulance service.

Chief Fellows has inspected the Kingston Day Care Center and the various kindergartens as required by the State of New Hampshire. He has worked with the State Fire Marshal on investigations of suspicious fires. During the summer the Rockrimmon Fire Tower frequently reports smokes and fires which are checked out. As requested by the Selectmen, Chief Fellows has inspected new construction to make sure that the requirements have been met for occupancy. He has also issued permits for all newly installed heating systems, which is required by the state.

642-5512 is the number to call for reporting fires and requesting ambulance service. I ask for your cooperation in calling this number only for these purposes. Please do not call the Fire Department for no school information.

At this time I would like to extend thanks and appreciation to all those residents who have assisted the Fire Department in any way during the past year.

Respectfully submitted,
Frank R. Fellows, Chief
Kingston Fire Department

The ambulances have made and turned back into the general fund of the town \$3,288.67. In the ambulance fund there is presently \$1,826.11.

Respectfully submitted,

REPORT OF THE KINGSTON DOG OFFICER

Although it was only a partial year of dog control for 1976, it is felt that much has been accomplished. Kingston has a kennel to be proud of and has acquired some very fine dog control equipment. More monies by far, were collected from dog control this year than ever in Kingston's history.

The dog officer sincerely thanks all those who have helped so very much by complying with the State and local laws regarding dogs, and reminds those who have not complied that he will do all in his power to enforce these laws for 1977. It is a fact that all of the dogs killed by autos were left to run by their owners or insufficiently restrained.

Thank you, Kingston residents, for making dog control a success for 1976.
